PREREQUISITE:	Nil	

MODE OF TEACHING:

Instruction	Two hours of lecture per week	100%

COURSE DESCRIPTION:

This course offers a structured and holistic introduction to Islamic Studies, focusing on both traditional knowledge and its application to contemporary issues. Students will explore the origins, core beliefs, practices, and ethical teachings of Islam through its primary sources—the Quran and Sunnah—while also understanding Islam's contributions to civilization, governance, and modern societal challenges. Central to the course will be an exploration of the ethical norms of a good Muslim, emphasizing personal integrity, moral behavior, kindness, humility, justice, and responsibility towards others.

COURSE OBJECTIVES:

1. Discuss the basic beliefs of Islam and the purpose of life.

2. Explain Islamic ethical and social values and their impact on daily life.

3. Analyze the modern challenges Islam is facing in the contemporary world and to explore its solution.

RELEVANT PROGRAM LEARNING OUTCOMES (PLOs):

The course is designed so that students will achieve the PLOs:

1	Engineering Knowledge:	☐	7	Ethics:	☑

References Material:

1. Muhammad (Peace Be Upon Him) the Perfect Man by Sayyid Muhammad ibn Alawi al-Maliki al-Hasani
2. Mu'ariful Hadith by Maulana Manzoor Noumani.
3. Al-Tawḥīd: Its Implications for Thought and Life by Ismail Raji al-Faruqi
4. Islam and Modernism by Mufti Taqi Usmani
5. Principles of Islamic Jurisprudence by Ahmad Hassan, Islamic Research Institute, IIUI
6. Ulumul Quran by Muhammad Taqi Usmani.

Assessment Methods:

Assessment Percentage	
1	Quizzes (10-15%)
2	Assignments (5-10%)
3	Class participation (5-10%)
4	Mid-Term Exam (25-35%)
5	End-Semester Exam (40-50%)
Total:	**100 %**

Assessment Modalities:

In addition to quizzes, midterm, and end-of-semester examinations, students may be assigned a variety of tasks designed to enhance their skills, critical thinking, and applied learning through innovative projects.

Grading Policy:

Quizzes: The quizzes will be unannounced and normally last for ten minutes. The question framed is to test the concepts involved in last few lectures. All quizzes will count towards the total.

Assignments: To develop comprehensive understanding of the subject, assignments will be given. All assignments will count towards the total (No 'best-of' policy). The students are advised to do the assignments themselves. The questions in the assignment are meant to be challenging to give students confidence and extensive knowledge about the subject matter and enable them to prepare for the exams.

Class participation: The students are encouraged to participate in class by asking questions to the instructor, sharing their thoughts about the topic under discussion, replying to instructor's questions, and contribute to project presentation and demo.

Apart from above standard university policies for midterm and terminal exam apply to this course
